

## **Student Satisfaction Survey (SSS)**

A formal SSS could not be conducted in the current year (2019-2020) because of the constraints imposed by the lockdown. However, informal feedback from students is obtained through the mentor-mentee interactions, group discussions via Class Whatsapp Groups and telephonic conversations. Students' views relating to their satisfaction/grievances are also conveyed through their Class Representatives and the Students Association office bearers. In addition, a certain number of students are selected as members of IQAC, Women Cell, Cell for the Differently Able, Hostel Committee and office bearers of the various Students' Clubs. Students' feedback is conveyed to the college management through these bodies and efforts are made to address the issues raised.
